SUBJ: Final Approval of Revised Focused Feasibility Study (December 2011),
Medley Farm Superfund Site, Gaffney, South Carolina

Dear Ms. Magee:

The United States Environmental Protection Agency, Region 4 (EPA) has completed a review of the revised Focused Feasibility Study (FFS) document listed above, provided to EPA as a track-change Word file on December 8, 2011. With this letter I am approving the revised document. Two typographical edits were provided by email, but the document itself does not further EPA review. This letter replaces the earlier "Conditional Approval" of September 23, 2011.

If you have questions please contact me at (404) 562-8829, or via email at Howard.Ralph@epa.gov.

Sincerely,

A handwritten signature in black ink that reads "Ralph O. Howard, Jr." with a stylized flourish at the end.

Ralph O. Howard, Jr.
Remedial Project Manager
